## **OnlineBanking Privat- und Firmenkunden**

OnlineBanking first registration with TAN procedure Sm@rt-TAN photo

1. At www.vrbankfulda.de select the menu item "Login online banking" at the top right.

2. Under "OnlineBanking Privat-und Firmenkunden" you can now store your VR-NetKey and your PIN, which you received from the bank by post. Click on "Anmelden".

3. Now store the **"current PIN**" that you received from the bank by post and add your desired PIN under **"Desired new PIN"** and **"Repeat new PIN"**.

**Remember this PIN very well.** You need this every time you log in to OnlineBanking via the homepage and when you install or make any changes in the VR BankingApp.

4. Confirm the PIN change with a TAN. To do this, insert your girocard (bank card) into the Sm@rt-TAN photo reader and press the **"Scan"** button. You will receive the note **"Service / Functions".** Confirm this with **"OK".** You save the TAN now shown on the display in your online banking. Finally, select the "PIN ändern" button.
